## Professional Summary

**Full Stack Developer** with 1+ year of experience in building, maintaining, and enhancing web applications using **React.js, Next.js, TypeScript, Node.js, Express.js, and Java Spring Boot**. Skilled in developing **RESTful APIs**, integrating payment gateways such as **Razorpay**, and building real-time features using **Socket.IO**. Experienced in database management with **PostgreSQL and MySQL**, caching with **Redis**, authentication and role-based access control (**RBAC**), and end-to-end application development. Focused on writing maintainable code, debugging complex issues, and delivering reliable, scalable software solutions.

## Technical Skills

**Programming Languages**: Java, JavaScript (ES6+), TypeScript, Python, HTML5, CSS3
**Frontend Technologies**: React.js, Next.js 16 (App Router), Svelte, Tailwind CSS, Bootstrap 5, Responsive Design
**Backend Technologies**: Node.js, Express.js, Python FastAPI, Java Spring Boot, RESTful APIs, Microservices
**Databases and ORM**: PostgreSQL, MySQL, MongoDB, Redis (In-Memory Cache), Prisma ORM, Hibernate / JPA
**Tools and DevOps**: Git, GitHub, Postman, Jest, Maven, VS Code, Vercel, Netlify, CI/CD Pipelines
**Architecture and Protocols**: RBAC, OAuth2, JWT, MVC

## Work Experience

**Appspine Technologies Private Limited** — September 2026 – Present
*Full Stack Engineer* — *Noida, Uttar Pradesh, India*

- Develop and maintain scalable web applications by building responsive frontend components and integrating backend services using modern web technologies.
- Implement and integrate RESTful APIs, manage database operations, and troubleshoot application issues to ensure reliable data flow and functionality.
- Collaborate on feature development, bug fixes, and code improvements to enhance application performance, maintainability, and user experience.
- Contribute to end-to-end development by coordinating frontend and backend functionality, testing integrations, and supporting ongoing application improvements.

**Mojija E-Commerce Private Limited** — August 2025 – September 2026
*Full Stack Engineer* — *Noida, Uttar Pradesh, India*

- Developed production applications, including **NAVAMBHAW** and **Digital Kharidi**, using React.js, Node.js, Express.js, Python FastAPI, and MySQL.
- Implemented REST API integrations, real-time features using Socket.IO, JWT authentication, Redis caching, and database-driven wallet billing workflows.

## Projects

**AI Email Writer Assistant** | *React.js, Java Spring Boot, OpenAI GPT, Google Gemini, REST API*

- Developed an intelligent AI productivity web application utilizing **OpenAI GPT** and **Google Gemini APIs** to dynamically generate context-aware business emails, reducing drafting turnaround time by **80%**.
- Engineered a scalable **Java Spring Boot REST API** with secure environment-level API key management, request throttling, and token consumption controls.
- Designed a responsive **React.js** frontend with custom tone adjustment, response length tuning, and one-click copy workflows.

**Leadyfy OS – UGC Agency Operations Platform** | *Next.js, TypeScript, PostgreSQL, Prisma, Tailwind CSS, Vercel*

- Built a full-stack agency operations platform using **Next.js App Router and TypeScript**, implementing authentication and role-based access control (RBAC).
- Designed relational database models using **PostgreSQL and Prisma ORM** and developed a Kanban-based video production workflow with client feedback and task tracking.
- Created a responsive, mobile-first interface using **Tailwind CSS** and deployed the application on **Vercel**.

## Internships and Training

**Ducat School of AI** — February 2025 – January 2026
*Java Full Stack Developer Intern* — *Noida, Uttar Pradesh, India*

- Completed intensive hands-on software development training, building 5+ enterprise applications using **Java, Spring Boot, Spring Data JPA, Hibernate, JavaScript**, and **MySQL**.
- Designed 3-tier MVC architecture with Controllers, Services, and Repositories with secure REST API endpoints and database persistence.

## Education

**KK University** — 2022 – May 2026
*Bachelor of Technology in Computer Science and Engineering* – ***CGPA: 8.10 / 10.0*** — *Nalanda, Bihar, India*
